

1200 BUILT IN BRAAI INCL. CYCLONE COWL AND FLUE PIPES

R7, 500.00

1200 De Lux braai - 1200mm built in braai suitable for indoor and outdoor applications, made of mild steel black painted.

Grid Size: **Length: 920mm x Width: 465mm** (Stainless Steel)

1200 BUILT IN BRAAI

1200mm built in De Lux braai is suitable for indoor and outdoor (under cover) applications, made of Mild steel in black finish.

Braai body and moving parts are made of 2.5mm hot roll. We include a standard V-shape stainless

Steel grid - far more superior to the commonly sold galvanized grids.

Good lighting always comes handy when you braai at night time or under poor general lighting Conditions. Therefore your braai is fitted with a 220V downlight/spot light to provide good lighting. Another unique feature to Lava's De Lux braais is the bottom door & serving tray. The door rests on Specially designed clips, doing away with traditional double chain that keeps the door in horizontal Position.

5 Year guarantee applicable against heat damage.

Standard Unit Includes

- V-Shape stainless steel grid
